

## **Share Your Thoughts: Community Consultation 2017**

At this point in time Waimairi School is looking to plan the next stages of our development as a school.

Now is time to:

1. Present the rebuild plans and show you links to previous community consultation workshops.
2. Start the consultation process for a new school strategic plan.
3. Prepare to hold our annual community (early next term).

Join in to ensure you help shape these developments.

---

### **See you on Thursday 31 August (at 9am and repeated at 7pm)**

-We will share the emerging site plans with you.

-We will to inform you about how we will maintain 'business as usual' during construction.

-We want to listen to your ideas and aspirations for the school as we begin to develop a new strategic plan for the next few years.

---

This booklet is not a survey form, you don't have to fill it all in. it is a discussion starter. Use it to generate conversations within your family this week.

When you come to the consultation workshop on Thursday you will be able to hear other parents' ideas in small table groups.

A member of the Board of Trustees or school leadership team will be at each table to records your thoughts.

The collated thinking generated by these workshops will form the basis of our annual community survey later this year.

1 . What do you value about Waimairi School?  
What must be maintained and strengthened in the future?

2.What could we do better?

3. How would you describe our school culture? How can it be strengthened?

4. In recent years we have worked hard to increase parental involvement in the school. Is there more we can do in this area?

5. When the building work is completed attention will turn to the wider school site. What would you like the school environment to look like in three years time?

6. When your child leaves Waimairi School what skills, qualities and attributes would you like him/her to have?
